Fire and Explosion Hazard : The product itself does not burn. Heating will release oxygen, chlorine, and increase the intensity of the fire.

Suitable extinguishing media : Water

Unsuitable extinguishing media : Do not use carbon dioxide or other gas-filled fire extinguishers.

Firefighting Instructions : Wear self-contained breathing apparatus and protective suit. Evacuate personnel to safe areas. Flood with water.

SECTION 6. ACCIDENTAL RELEASE MEASURES

NOTE: Review FIRE FIGHTING MEASURES and HANDLING (PERSONNEL) sections before proceeding with clean-up. Use appropriate PERSONAL PROTECTIVE EQUIPMENT during clean-up.

Safeguards (Personnel) : Wear self-contained breathing apparatus and protective suit.

Spill Cleanup : Shovel or sweep up. Flush with plenty of water.

Accidental Release Measures : All flushing and clean-up residuals should be collected for proper disposal to prevent soil and surface, ground and sewer water contamination. Prevent material from entering sewers, waterways, or low areas.

SECTION 7. HANDLING AND STORAGE

Handling (Personnel) : Avoid inhalation. Avoid contact with skin, eyes and clothing. Remove and wash contaminated clothing before re-use. Wash hands before breaks and immediately after handling the product. Wash hands before eating, drinking, or smoking.

Storage : Keep containers tightly closed in a dry, cool and well-ventilated place. Keep away from: Combustible material Oxidizing agents Keep away from oxidising agents and strongly acid or alkaline materials. Do not store together with acids and ammonium salts.
SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Engineering controls : Use only with adequate ventilation.

Personal protective equipment

Respiratory protection : Wear NIOSH approved respiratory protection as appropriate.

Hand protection : Material: Impervious gloves

Eye protection : Wear safety glasses or coverall chemical splash goggles. Additionally wear a face shield where the possibility exists for face contact due to splashing, spraying or airborne contact with this material.

Skin and body protection : Where there is potential for skin contact, have available and wear as appropriate, impervious gloves, apron, pants, jacket, hood and boots.
