1 Identification of substance:
Product details:
Product name: Zinc wire
Stock number: 12053
Manufacturer/Supplier:
Alfa Aesar, A Johnson Matthey Company
Johnson Matthey Catalog Company, Inc.
30 Bond Street
Ward Hill, MA 01835-8099
Emergency Phone: (978) 521-6300
CHEMTREC: (800) 424-9300
Web Site: www.alfa.com

Information Department: Health, Safety and Environmental Department
Emergency information:
During normal hours the Health, Safety and Environmental Department. After normal hours call CHEMTREC at (800) 424-9300.

2 Composition/Data on components:
Chemical characterization:
Description: (CAS#)
zinc (CAS# 7440-66-6): 100%

Identification number(s):
EINECS Number: 231-175-3

3 Hazards identification
Hazard description: Not applicable
Information pertaining to particular dangers for man and environment: Not applicable
Classification system
HMIS ratings (scale 0-4)
(Hazardous Materials Identification System)

| HEALTH | 0 | Health (acute effects) = 0 |
|        |   | Flammability = 0 |
|        |   | Reactivity = 0 |

GHS label elements: Void

4 First aid measures
After inhalation
Supply fresh air. If required, provide artificial respiration. Keep patient warm.
Seek immediate medical advice.

After skin contact
Immediately wash with water and soap and rinse thoroughly.
Seek immediate medical advice.

After eye contact
Rinse opened eye for several minutes under running water. Then consult a doctor.

After swallowing Seek medical treatment.

5 Fire fighting measures
Suitable extinguishing agents
Special powder for metal fires. Do not use water.
Limestone powder
Dry sand
For safety reasons unsuitable extinguishing agents Water

Protective equipment:
Wear self-contained respirator.
Wear fully protective impervious suit.

6 Accidental release measures
Person-related safety precautions:
Wear protective equipment. Keep unprotected persons away.
Ensure adequate ventilation

Measures for environmental protection:
Do not allow material to be released to the environment without proper governmental permits.

Measures for cleaning/collection: Pick up mechanically.
Product name: Zinc wire

7 Handling and storage

Handling
Information for safe handling:
Keep container tightly sealed.
Store in cool, dry place in tightly closed containers.
No special precautions are necessary if used correctly.

Information about protection against explosions and fires: Protect from humidity and water.

Storage
Requirements to be met by storerooms and receptacles: No special requirements.

Information about storage in one common storage facility:
Do not store together with oxidizing and acidic materials.
Store away from water/moisture.

Further information about storage conditions:
Keep container tightly sealed.
Store in cool, dry conditions in well sealed containers.

8 Exposure controls and personal protection

Additional information about design of technical systems:
Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.

Components with limit values that require monitoring at the workplace: Not required.
Additional information: No data

Personal protective equipment
General protective and hygienic measures
The usual precautionary measures for handling chemicals should be followed.
Keep away from foodstuffs, beverages and feed.
Remove all soiled and contaminated clothing immediately.
Wash hands before breaks and at the end of work.

Breathing equipment: Use suitable respirator when high concentrations are present.
Protection of hands: Impervious gloves
Eye protection: Safety glasses
Body protection: Protective work clothing.

9 Physical and chemical properties:

(Contd. on page 3)
Product name: Zinc wire

**10 Stability and reactivity**

**Solubility in / Miscibility with Water:** Insoluble

**Thermal decomposition / conditions to be avoided:**
Decomposition will not occur if used and stored according to specifications.

**Materials to be avoided:**
- Amines
- Water/moisture
- Acids
- Oxidizing agents
- Bases
- Acid chlorides

**Dangerous products of decomposition:** No dangerous decomposition products known

**11 Toxicological information**

**Acute toxicity:**
- **Primary irritant effect:**
  - on the skin: Powder: irritant effect
  - on the eye: Powder: irritant effect
- Sensitization: No sensitizing effects known.

**Subacute to chronic toxicity:**
Zinc containing fumes may cause metal fume fever. Effects include dry throat, metallic taste, chest pain, dyspnea, rales and dry cough. Several hours later, chills may occur with lassitude, malaise, fatigue, headache, back pain, muscle cramps, blurred vision, nausea, fever, perspiration, vomiting and leukocytosis.

**Additional toxicological information:**
To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.

No classification data on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.

**12 Ecological information:**

**General notes:**
Do not allow material to be released to the environment without proper governmental permits.

**13 Disposal considerations**

**Product:**
**Recommendation** Consult state, local or national regulations to ensure proper disposal.

**Uncleaned packagings:**
**Recommendation:** Disposal must be made according to official regulations.

**14 Transport information**

Not a hazardous material for transportation.

**DOT regulations:**
- **Hazard class:** None

**Land transport ADR/RID** (cross-border)
- **ADR/RID class:** None

**Maritime transport IMDG:**
- **IMDG Class:** None

**Air transport ICAO-TI and IATA-DGR:**
- **ICAO/IATA Class:** None

**Transport/Additional information:** Not dangerous according to the above specifications.

**15 Regulations**

**Product related hazard informations:**
Observe the general safety regulations when handling chemicals
Product name: Zinc wire

National regulations
All components of this product are listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical Substance Inventory.

Information about limitation of use:
For use only by technically qualified individuals.
This product contains zinc and is subject to the reporting requirements of section 313 of the Emergency Planning and Community Right to Know Act of 1986 and 40CFR372.

16 Other information:
Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.

Department issuing MSDS: Health, Safety and Environmental Department.
