### Catalog Number(s)
- YY103, YY1069, YY632, YY644, YY348, YY911, A1370, A1371, A2168, AS102, AS105

### CAS#
- 50-81-7

### RTECS
- CI7650000

### TSCA
- TSCA 8(b) inventory: Ascorbic acid

### CI#
- Not available.

### Supplier
- SPECTRUM LABORATORY PRODUCTS INC.
  - 14422 S. SAN PEDRO STREET
  - GARDENA, CA 90248

### IN CASE OF EMERGENCY
- CHEMTREC (24hr) 800-424-9300
- CALL (310) 516-8000

## Section 2. Composition and Information on Ingredients

### Exposure Limits

### Toxicological Data on Ingredients

- **Ascorbic acid:**
  - **ORAL (LD₅₀):** Acute: 11900 mg/kg [Rat]. 3367 mg/kg [Mouse].

## Section 3. Hazards Identification

### Potential Acute Health Effects
- Slightly hazardous in case of skin contact (irritant), of eye contact (irritant), of ingestion, of inhalation.

### Potential Chronic Health Effects
- **CARCINOGENIC EFFECTS:** Not available.
- **MUTAGENIC EFFECTS:** Mutagenic for mammalian somatic cells. Mutagenic for bacteria and/or yeast.
- **TERATOGENIC EFFECTS:** Not available.
- **DEVELOPMENTAL TOXICITY:** Not available.
  - Repeated or prolonged exposure is not known to aggravate medical condition.

---

**Continued on Next Page**
### Section 4. First Aid Measures

| Eye Contact | Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Cold water may be used. Get medical attention if irritation occurs. |
| Skin Contact | Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops. Cold water may be used. |
| Serious Skin Contact | Not available. |
| Inhalation | If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention. |
| Serious Inhalation | Not available. |
| Ingestion | Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Loosen tight clothing such as a collar, tie, belt or waistband. Get medical attention if symptoms appear. |
| Serious Ingestion | Not available. |

### Section 5. Fire and Explosion Data

| Flammability of the Product | May be combustible at high temperature. |
| Auto-Ignition Temperature | 660°C (1220°F) |
| Flash Points | Not available. |
| Flammable Limits | Not available. |
| Products of Combustion | These products are carbon oxides (CO, CO2). |
| Fire Hazards in Presence of Various Substances | Slightly flammable to flammable in presence of open flames and sparks of heat. Non-flammable in presence of shocks. |
| Explosion Hazards in Presence of Various Substances | Risk of explosion of the product in presence of mechanical impact: Not available. Slightly explosive in presence of open flames and sparks. |
| Fire Fighting Media and Instructions | SMALL FIRE: Use DRY chemical powder. LARGE FIRE: Use water spray, fog or foam. Do not use water jet. |
| Special Remarks on Fire Hazards | As with most powdered organic solids, fire is possible at elevated temperatures or by contact with an ignition source. |
| Special Remarks on Explosion Hazards | Fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion. |

### Section 6. Accidental Release Measures

| Small Spill | Use appropriate tools to put the spilled solid in a convenient waste disposal container. Finish cleaning by spreading water on the contaminated surface and dispose of according to local and regional authority requirements. |
| Large Spill | Use a shovel to put the material into a convenient waste disposal container. Finish cleaning by spreading water on the contaminated surface and allow to evacuate through the sanitary system. |
### Section 7. Handling and Storage

**Precautions**
Keep away from heat. Keep away from sources of ignition. Ground all equipment containing material. Do not ingest. Do not breathe dust. If ingested, seek medical advice immediately and show the container or the label. Keep away from incompatibles such as oxidizing agents.

**Storage**

---

### Section 8. Exposure Controls/Personal Protection

**Engineering Controls**
Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits. If user operations generate dust, fume or mist, use ventilation to keep exposure to airborne contaminants below the exposure limit.

**Personal Protection**
Safety glasses. Lab coat. Dust respirator. Be sure to use an approved/certified respirator or equivalent. Gloves.

**Personal Protection in Case of a Large Spill**
Splash goggles. Full suit. Dust respirator. Boots. Gloves. A self contained breathing apparatus should be used to avoid inhalation of the product. Suggested protective clothing might not be sufficient; consult a specialist BEFORE handling this product.

**Exposure Limits**
Not available.

---

## Section 11. Toxicological Information

### Routes of Entry
- Inhalation, Ingestion.

### Toxicity to Animals
- Acute oral toxicity (LD50): 3367 mg/kg [Mouse].

### Chronic Effects on Humans
- MUTAGENIC EFFECTS: Mutagenic for mammalian somatic cells. Mutagenic for bacteria and/or yeast.

### Other Toxic Effects on Humans
- Slightly hazardous in case of skin contact (irritant), of ingestion, of inhalation.

### Special Remarks on Toxicity to Animals
- Not available.

### Special Remarks on Chronic Effects on Humans
- May affect genetic material (mutagenic).
- May cause adverse reproductive effects and birth defects (teratogenic) based on animal test data.
- Human: passes through the placenta, excreted in maternal milk.

### Special Remarks on other Toxic Effects on Humans
- Acute Potential Health Effects:
  - Skin: May cause skin irritation. Low hazard for normal industrial handling.
  - Eyes: May cause eye irritation.
  - Inhalation: May cause respiratory tract irritation. Low hazard for normal industrial handling.
  - Ingestion: Ingestion of small amounts during normal industrial handling is a low hazard. Ingestion of large amounts may cause gastrointestinal tract irritation, hypomotility, diarrhea, acidification of the urine which may cause stones in the urinary tract and may cause renal failure. May also affect behavior (psychomotor coordination, somnolence), eyes (lacrimation), blood (anemia).
- Chronic Potential Health Effects:
  - Ingestion: Prolonged or repeated ingestion may affect the blood/bone marrow and metabolism.

### Section 12. Ecological Information

### Ecotoxicity
- Not available.

### BOD5 and COD
- Not available.

### Products of Biodegradation
- Possibly hazardous short term degradation products are not likely. However, long term degradation products may arise.

### Toxicity of the Products of Biodegradation
- The product itself and its products of degradation are not toxic.

### Special Remarks on the Products of Biodegradation
- Not available.

Section 13. Disposal Considerations

Waste Disposal
Waste must be disposed of in accordance with federal, state and local environmental control regulations.

Section 14. Transport Information

DOT Classification
Not a DOT controlled material (United States).

Identification
Not applicable.

Special Provisions for Transport
Not applicable.

DOT (Pictograms)

Section 15. Other Regulatory Information and Pictograms

Federal and State Regulations
TSCA 8(b) inventory: Ascorbic acid

California Proposition 65 Warnings
California prop. 65: This product contains the following ingredients for which the State of California has found to cause cancer which would require a warning under the statute: No products were found.

Other Regulations
EINECS: This product is on the European Inventory of Existing Commercial Chemical Substances (EINECS No. 200-066-2).
Canada: Listed on Canadian Domestic Substance List (DSL).
China: Listed on National Inventory.
Japan: Listed on National Inventory (ENCS).
Korea: Listed on National Inventory (KECI).
Philippines: Listed on National Inventory (PICCS).
Australia: Listed on AICS.

Other Classifications
WHMIS (Canada) Not controlled under WHMIS (Canada).

DSCL (EEC) This product is not classified according to the EU regulations
S24/25- Avoid contact with skin and eyes.
