

## Changing Your Password

Learn how to change your password to match the one you use with your Harper Student Portal.

1. Access Harper's Blackboard site at <http://www.harpercollege.edu> and click on **Blackboard** in the Quick Links area located on the left side of the window.
2. Enter your User Name and Password.
3. Click on the “**Personal Information**” link located below the “Welcome” message.

4. Next, click on the “**Change Password**” link.

5. After you enter your new password in each text box, click on the “**Submit**” button to save your changes.
6. Click on the “**OK**” button at the end of the next two messages to return to your course.

Changing your password once changes it for all your Blackboard course sites.
