

# 2009-2010 ROSTER OF SHARED GOVERNANCE COMMITTEES

Revised August 21, 2009

The Roster of Shared Governance Committees is part three of the documents that delineate the Shared Governance Structure at William Rainey Harper College. The other two parts include the Shared Governance Structure and Guidelines and the Institutional Committee Data Sheets.

Together, these documents define the Shared Governance Structure and the institutional committees. The first explains and defines the process governing the committee structure. The second, the Data Sheets, contains the individual Data Sheet for each institutional college committee. These Data Sheets provide the information related to the charge and function of each committee. There will always be these three separate but important documents that communicate to the College Community pertinent information about the College committee structure.

The Roster of Shared Governance Committees will be revised and published annually. This will be a listing of all institutional committee members for the respective year, which will furnish information regarding the committee. Addenda will be distributed as necessary. The Shared Governance Guidelines and Structure will be revised as needed annually, as will the Institutional Committee Data Sheets.

It must be noted that there are three kinds of institutional committees:

1. Four Academic Committees: Academic Standards, Assessment and Testing, Curriculum, and Instructional Technology;
2. Nine College Assembly Committees: College Assembly, Facilities, Human Resources, Institutional Planning, Institutional Technology Planning, Student Life, Wellness, Diversity, Institutional Outcomes Assessment;
3. Seven Programmatic Committees: Cultural Arts, Graduation, Honors-Phi Theta Kappa, International Studies and Programs, Learning Communities, Teaching and Learning, and Marketing.

It should also be noted what committees the roster does not include: college divisional committees, contract committees, board committees, and committees established by each separate constituency, the Faculty Senate, the Professional-Technical Union, and the IEA/NEA. Each of these will also have their own Data Sheets and Rosters, as appropriate.

The revision of the Shared Governance Structure has been undertaken in the spirit of collegiality and democratic principles. Appropriate participation by the College Community is urged. Yet, it must be pointed out, that committees do not exist in a vacuum: they have particular charges and report through particular bodies or administrators. The academic committees report through the Faculty Senate and the Dean's Council; the College Assembly Committees report through the College Assembly; and the Programmatic Committees report through the appropriate Vice President. Selection for the committees is made through the appropriate constituencies.

But this is just a description on paper of the Shared Governance Structure here at Harper College: for it to be effective, committee members must give it life, energy, purpose, and soul.
